## Update On Latest Ministry Activities

Our Dear Friends & Partners

Greetings from Zimbabwe trusting you had a great celebration of the birth of our Lord and Saviour, Jesus Christ and that you were ushered well into 2012. We are very excited for we believe 2012 is another opportunity and platform that God is going to use for us to experience the plans that HE has for us to have hope, peace and prosperity (*Jeremiah 29:11*).

### Our Appreciation:

We look forward to continue updating you on the work of God here in Zimbabwe and other parts of Africa as we continue to expand. We would like to take this opportunity, however, to express our deepest gratitude for the support and encouragement we have received from you in prayer, words and finances. We always want you to know that we would not be able to do as much as we are doing were it not for your support. May God bless you for that!!!!!!!!!!!!

### November - December Visit To The USA:

I (Denford) was able to visit the United States in the month of November and December. I was able to be a part of yet another exciting and historic time at what is now the International Conference on Missions. It was a great time to learn and network with others in the field. I also used my time to visit and network with some of our supporting Churches and partners.

### **Annual NextLevel Leadership Summit:**

We want to thank God for an exciting time we had in December primarily with ADM's team of Office and Pastoral Staff at our **NextLevel** Leadership Summit. We use this opportunity to learn, encourage each other in the work we are doing, sharpen each other's skills and renew our understanding and commitment to our vision.

### **School of Evangelism & Leadership:**

Our 2011 class of ministry leaders from all of our Churches was able to finish its course again in the month of December. The students came to Harare where we are running this course in conjunction with the Zimbabwe Christian College. The students are currently finishing up their assignments and will be graduating some time this year.
